General Information

Temporary uses are uses not specified in an existing Zoning Permit that are conducted for a limited amount of time. Examples of a temporary use include festivals, seasonal sales, employee BBQ parties, motorcycle/automotive events, outdoor sales, etc.

Once the Plan Commission grants a use approval, a Zoning Permit is issued when the conditions of the approval are met. A Building Permit can be obtained after submission of construction plans, only after a Zoning Permit is issued. After construction is completed and approved by Inspection Services, an Occupancy Permit can then be issued.

The use approval process is authorized by City of New Berlin Municipal Code §275-24, which states that the use of any principal or accessory building, structure or land shall not be changed, extended, enlarged, altered or occupied; a site or premise shall not be altered, used, changed, modified, or occupied; and no grading undertaken until review and approval by the Plan Commission.

Fees

Application Fee and Filing Fee (non-refundable). Please make check payable to the City of New Berlin.

- Pre-application conference (optional):** The purposes of the pre-application conference are to provide an opportunity for the applicant and the staff to discuss the review process schedule and submittal requirements, the scope of the project, and compliance with the Zoning Ordinance. Staff opinions presented during pre-petition meetings are informational only and do not represent a commitment on behalf of the City regarding the acceptability of the development proposal.
- Application and determination of completeness:** All development applications shall be submitted to staff a minimum of 30 days prior to the next regularly scheduled Plan Commission meeting at which the application will be reviewed. An application will be considered complete if it is submitted in the required number and form, includes all mandatory information, and is accompanied by the applicable fee. If an application is determined to be complete, the application shall be processed.
