

Plan of Operation

The proposed use of the land, building and/or structures

- We are proposing to build a Community Based Residential Facility to provide housing and care services to disabled seniors.

Activities to occur both inside and outside all principal and accessory buildings

- We will provide the care and supervision needed to support the health and safety of our residents. Activities that will occur consist of the resident daily living activities similar to a home-like setting. These activities will include arts and crafts, bingo, and social games. All meals will be prepared and served on-site. Assistance will be provided with dressing, bathing, medication administration, and other daily living activities.

The frequency and duration of all activities, including the season, days, & hours of operation

- We will provide assistance 24 hours per day, 7 days a week. We will have more staff on during the daytime hours.

The total number of employees & number of employees in largest work shift.

- The total number of employees will be approximately 25
- The total number of employees in largest work shift will be 10

The estimated number of occupants of a multifamily residential use.

- We will have capacity for approximately 45 residents

The number, size, & type of all vehicles associated with the use.

- Vehicles will be employee and guest owned vehicles. We plan on having one company-owned short-bus approximately 12-14 passenger.

The expected starting & completion dates of the construction.

- Approximate start date: March 1, 2017
- Approximate completion date: March 1, 2018
